**PublicSchoolWORKS Recognized by Three Industry Awards for Quality of Products and Customer Service**

*Recent awards include the District Administration Reader's Choice Top 100 Products, the Stevie Awards for Great Employers and the Tech & Learning Stellar Service Awards*

“We wouldn’t be able to do this without a great product and a strong customer service team. We hear praise from customers regularly, but getting recognized by a number of different industry awards further proves that PublicSchoolWORKS is on the right track.”

*Tom Strasburger,  
Vice President,  
Sales & Marketing,  
PublicSchoolWORKS*

Cincinnati, OH (December 1, 2016) — [PublicSchoolWORKS](#), the provider of the only comprehensive risk reduction and school safety program for K-12 districts, has won three industry awards: the 2016 [District Administration Readers' Choice Top 100 Product Awards](#), the 2016 [Stevie Awards for Great Employers](#) and the 2016 [Tech & Learning Stellar Service Awards](#).

The company's [EmployeeSafe Suite](#) won a 2016 Readers' Choice Top 100 Product Award from *District Administration*, marking the product's eighth consecutive Readers' Choice Award. The award program highlights leading hardware, software and other tools districts have used to excel. EmployeeSafe helps districts reduce risk and drive down the associated cost of staff injuries and other risk issues. Districts use EmployeeSafe to implement risk management programs that automate the deployment, tracking and completion of online staff training, compliance tasks, employee accident management initiatives and more.

One of EmployeeSafe's automated modules, the [Staff Training System](#), was awarded its first Gold Stevie® in the Safety Training Category in the 2016 Stevie Awards for Great Employers. The awards program recognizes the best employers, HR professionals and teams, as well as the HR-related products that help create great places to work. Using the Staff Training System, PublicSchoolWORKS customers easily train faculty and staff on a wide range of safety topics, thus making schools safer while also helping districts meet state and federal training mandates.

PublicSchoolWORKS' [Client Services and Research & Development](#) teams won a 2016 Tech & Learning Stellar Service Award for "Frequent Buyer Smiles: Best Perks and Extras." The awards program, now in its second year, recognizes edtech companies for providing excellent customer service. PublicSchoolWORKS' Client Service and Research & Development teams make safety and compliance effortless for districts. Client Services creates districts' customized risk reduction and school safety programs based on their needs. Research & Development tracks legislation and creates or updates content to address mandates so districts stay safe and compliant.

“We assess the needs and goals of each of our districts, and then create a custom plan for them so their administrators can put more time and energy back into other initiatives,” said Tom Strasburger, Vice President, Sales & Marketing of PublicSchoolWORKS. “We wouldn’t be able to do this without a great product and a strong customer service team. We hear praise from

*Smarter Solutions. Safer Schools.*

customers regularly, but getting recognized by a number of different industry awards further proves that PublicSchoolWORKS is on the right track.”

**About PublicSchoolWORKS**

Since 2000, PublicSchoolWORKS has helped districts implement comprehensive safety programs to reduce risk, and the associated costs, and help make schools a safe place for staff and students. PublicSchoolWORKS and its automated, online suites provide districts the technology, content and expert resources needed to create a culture of safety while easily meeting state and federal safety mandates. For more information on how PublicSchoolWORKS impacts school safety and improves district safety programs, contact **1-877-779-6757** or [sales@publicschoolworks.com](mailto:sales@publicschoolworks.com).
