Cincinnati, OH (March 2, 2017) — PublicSchoolWORKS has won two Stevie® Awards in the 11th annual [Stevie Awards for Sales & Customer Service](#). The Client Services team won a Gold Stevie Award in the Customer Service Department of the Year - Public Services & Education category and the Research & Development team won a Bronze Stevie Award in the Back-Office Customer Service Team of the Year - Other Service Industries category.

More than 2,300 nominations were evaluated in this year’s competition, an increase of 10% over 2016. More than 75 members of several specialized judging committees determined the Gold, Silver and Bronze Stevie Award placements from among the Finalists during final judging earlier this month. Finalists were determined by another 77 judges.

The Client Services team creates and implements customized risk management programs to ensure each customer meets all district, state and federal requirements. This includes making sure all employees receive the appropriate type of training at strategic times throughout the school year, scheduling inspections and drills, determining who will be notified when staff and student accident or bullying reports are filed and more. The team also provides ongoing support for each customer.

The Research & Development team tracks new and updated federal and state legislation, interprets it, and then develops the appropriate content – including training courses, written programs, compliance task templates, checklists or other forms – districts need to meet the requirements of the legislation.

“We couldn’t do what we do without our Client Services and Research & Development teams,” said Tom Strasburger, Vice President, Sales & Marketing of PublicSchoolWORKS. “Winning Gold and Bronze in such a prestigious award recognizes our teams for the impact they have in supporting our customers. They are truly unparalleled.”
